SUMMARY

Highly driven and motivated Computer Science student with hands-on experience in software development, data structures, and modern web technologies. Proficient in Java, C/C++, Python, and full-stack development, with a strong focus on building efficient and practical solutions. Eager to apply technical skills, learn rapidly, and contribute meaningfully in a challenging internship environment.

EXPERIENCE

Curations, TEDx SRMIST

Oct 2025 - Present

Responsible for researching, evaluating, and shortlisting impactful speakers and ideas aligned with the TEDx theme. Collaborate with the curation team to refine talk concepts and ensure high-quality, thought-provoking content for the event.

Technical Lead, GeeksForGeeks SRMIST

Sep 2025 - Present

Lead and contribute to advanced coding initiatives, mentoring peers in data structures, algorithms, and problem-solving techniques. Develop technical content, participate in competitive programming activities, and help foster a strong coding culture within the campus developer community.

PROJECTS

Splitr | C++, STL, Object-Oriented Programming

- Engineered a command-line expense splitting application that calculates individual balances and minimizes transactions among multiple users.
- Implemented efficient data structures and algorithms for expense tracking, settlement calculation, and balance management.
- Applied object-oriented design principles to create a modular, scalable codebase with optimized time complexity.

Dance of the Dragons | React.js, TypeScript, Tailwind CSS, Framer Motion, Three.js

- Designed and developed an immersive fantasy-themed web experience featuring cinematic animations, interactive storytelling, and modern UI/UX principles.
- Built smooth scroll-based transitions, responsive layouts, and visually engaging components to deliver a premium browsing experience.
- Optimized performance through component-based architecture and efficient rendering techniques.

EDUCATION

B Tech, Computer Science Engineering

Aug 2025 - May 2029

SRM INSTITUTE OF SCIENCE AND TECHNOLOGY

GPA: 9.9

Senior secondary, PCM + IP

Jul 2022 - May 2024

DELHI PUBLIC SCHOOL RANCHI

Percentage: 92

Secondary,

Mar 2010 - Jun 2022

ST. THOMAS SCHOOL RANCHI

Percentage: 98

SKILLS

Technical Skills: C, C++, Java, Python, JavaScript, SQL, HTML, CSS, ReactJS, NodeJS, ExpressJS, MongoDB, TensorFlow, Pandas, NumPy

Concepts: Data Structures and Algorithms, OOP, Web Development, Database Management, Machine Learning, REST APIs

Tools: Git, GitHub, VS Code, Antigravity, Figma, Docker, Firebase, Postman

Soft Skills: Problem-solving, Leadership, Team Collaboration, Communication, Public Speaking

Leadership

Head Boy

- Served as **Head Boy** at St. Thomas School, leading a student body of 4000+ students and organizing major school events including annual functions, sports meets, and cultural festivals
- Coordinated between students and administration while mentoring junior students and fostering a collaborative school environment

President

- Led as **President of Science Club and Quiz Club**, organizing inter-school competitions, science exhibitions, and quiz tournaments
- Coordinated team formations, conducted weekly practice sessions, and mentored members, resulting in multiple top-3 finishes in regional and state-level competitions

Achievements

Award for Exemplary Performance in Board Examinations

Felicitated by Chief Minister of Jharkhand

JEE MAIN 2025

Ranked among the top 3% of 1.54 million candidates in JEE Main 2025.
